PROFESSIONAL SUMMARY

Registered Civil Engineer with 2.5 years of experience in structural design, analysis, assessment, and retrofit of existing buildings. Experienced in NSCP, ACI, and AISC-based design, with hands-on work involving BRBs, steel/concrete jacketing, CFRP strengthening, structural design/assessment, and site investigation. Seeking to further develop expertise in structural analysis and new-building design.

CORE TECHNICAL SKILLS

Structural Analysis & Design | Retrofit & Assessment | Steel Structures | RC Structures | Structural Modeling

- Proficient in software including **ETABS, MIDAS Gen, Staad Pro, IDEA Statica, RAM Connect, HILTI Profis Anchor**
- Knowledgeable in **Python, Revit, Auto CAD, Google Sketchup, Bluebeam, Microsoft Office**

PROFESSIONAL EXPERIENCE

Angel Lazaro and Associates International, Junior Civil Engineer; February 2024 – Present

- Conducted numerous structural analyses including new-building/retrofit designs of vertical structures in compliance to the codes of NSCP, ACI, AISC
- Incorporated retrofitting methods including steel and concrete jacketing, and carbon fiber reinforced polymer.
- Led retrofit design of 6 buildings using Buckling-Restrained Braces (BRBs) to improve drift performance and reduce overall building cost
- Created and optimized calculation spreadsheets for improved efficiency, and effectively reduced material costs without compromising safety
- Performed site inspections, crack mapping, and structural assessments across multiple projects
- Coordinated with architects and stakeholders including LGUs and international organizations (e.g., World Bank)
- Facilitated OJT trainees and supported team deliverables

Sample Design and Retrofit Projects:

- *DPWH: Philippine Seismic Risk Reduction and Resilience Project* – Various design, assessment, and retrofitting of public school buildings and other functional elements.
- *Pamantasang Lungsod ng Pasig Rehabilitation* – 16,000 sqm building, retrofit design and foundation with piles

Speaker for Philippine Seismic Risk Reduction and Resilience Project - Pasig City, Metro Manila; (August 2024)

- Presented the project details in five (5) institutions and answered queries of the four (4) World Bank Representatives, Local Government Units (LGUs) of Pasig City

International Project Management Association (IPMA Philippines), Intern; July 2022 – Sept 2023

- Assisted in project timeline management and learned on-site construction methodologies
- Engaged in the processing of documents, permits, and clearances required before construction

STRUCTURAL DESIGN PROJECT/S

Two-storey Residential Building - Taguig City, Metro Manila; (April 2025 – August 2025)

- Designed structural members and conducted structural analysis and created the mathematical model of a residential building using MIDAS Gen while coordinating with the architects and clients

- Coordinated with architects, MEPFS engineers, and contractors to resolve design conflicts and ensure constructability.
- Prepared detailed structural drawings, design calculations, and construction documents in compliance with NSCP standards

LICENSES

- Registered First Aider (Standard First Aid And Basic Life Support Training) – *August 2026*
- Registered Civil Engineer – *April 2023 Board Exam*

EDUCATION

Tertiary Education:

Polytechnic University of the Philippines – Sta. Mesa, Manila

- Bachelor of Science in Civil Engineering

Secondary Education:

De La Salle University - Dasmariñas, Cavite

CERTIFICATIONS

- MIDAS IT Philippines: Comprehensive Training Workshop for MIDAS Civil – November 2024
- HILTI: Performance Evaluation of Post-Installed Anchor Systems – April 2024
- Autodesk Certified Professional Revit for Structural Design Exam Prep – February 2024
- Autodesk Certified Professional Civil 3D for Infrastructure Design Exam Prep – January 2024
- University of the Philippines - Diliman: Structural Health Monitoring for Buildings – November 2022
- Autodesk Certified Professional: AutoCAD Design & Drafting Exam Prep – November 2022

ORGANIZATIONS

- Philippine Institute of Civil Engineers - PUP Student Chapter (Former)

SKILLS AND INTERESTS

Languages: Tagalog (native), English (fluent)

Volunteering: Media Partner that took photographs and shot montages of the event (DBTK Anniversary Event)
